

Genesis Chapters 1-11 Are Literal

By Ron Boatwright

Genesis chapters 1 through 11 are literal and not mythology. If Satan can get people to doubt God's word by thinking of it as mythology and not literal, then Satan has them where he wants them. One of Satan's tactics in causing people to be eternally lost in Hell is to get them to disbelieve God's word as found in the Bible. There are more than 200 references in other books of the Bible that refer back to facts in the first eleven chapters of Genesis as being literal.
